MEMORANDUM FOR: Colonel White
THROUGH : Mr. Lloyd *jsl*
SUBJECT : 1 June Report to DCI on IG's Survey of
Office of Security

1. According to a memo which you wrote to DCI on 4 April 1955, regarding the IG's survey of the Office of Security, you indicated that on or about 1 June 1955, you would report to the DCI on certain items referred to as Categories C, D and E in your 4 April memo. These were items that had largely to do with one or two pending follow-up or straight non-concurrences by Security with certain IG recommendations.

2. Security now claims that their position regarding the items in Categories C and E was made clear in the responses transmitted to DCI under cover of 4 April, and that to state them again, since they have not changed in the interim, would be redundant. However, there were two items in Category D, identified as Recommendations 20e and 20n, on which follow-up was in order. It is Security's answer to these two items that constitutes the body of their report to you attached. Outside of these two answers, Colonel Edwards feels that no other report on the survey need be made to the DCI on 1 June. For comparison, your memo of 4 April covering the categorized responses, is attached herewith.

5. I understand from [REDACTED] that the Inspector General is not immediately concerned over these matters, he having been largely satisfied with the progress shown earlier in considering his recommendations. If this understanding fits with any that you have, based on your discussions with Mr. Kirkpatrick, covered in paragraph four of your 4 April memo, then I recommend that only the two outstanding items from Category D, sketched above, be included in your 1 June report to DCI. With that in mind, I have drafted a report covering these matters, which you can sign if you concur.
